–English Language Learner Teacher

“The English Language Learner program reaches so many international families and helps to add depth to our school culture. I was blessed to go to training that will help me better serve our international families. The new curriculum is amazing and helps me identify where students are academically and gives strategies by grade level to elevate the learning experience. I think if a person loves something, it is easy to invest in it. I love Saint James School and think it’s the best school in the country.”

"We support Saint James because we see the impact on our children's growth. Saint James provides more than just strong academics; it offers a values-based education, supportive community, and a safe space where our children are known, challenged, and encouraged every day. The small class sizes mean personalized attention, and Saint James' dedicated teachers go beyond the curriculum to nurturing their character and creating a love of learning. Supporting Saint James through our time, resources, or financial gifts is an investment in our children's futures and the future of the Saint James student body."

2024-2025 CORPORATE SPONSORS

We are incredibly grateful to our corporate sponsors who generously supported Saint James School during the 2024-2025 school year. Thank you to the following corporate sponsors.

“Saint James School’s commitment to partnering with families to raise well-rounded students who are prepared for the road ahead has always been unparalleled. The school’s dedication to loving its students, instilling strong values, and providing an outstanding education makes giving back a privilege for our family. We also believe this is a powerful way for us to invest in the future of our grandchildren and the future of our city.”

LT COL (RET) DEX MCCAIN, USAF

—Chair of the STJ Board of Trustees

“As parents of recent Saint James graduates, we know firsthand Saint James School didn’t just prepare our children for college; it prepared them for lives of purpose, service, and leadership. Giving to Saint James is our way of saying thank you and ensuring that future students have the same opportunity to grow in a place that lives out their mission and values and truly sees and nurtures their students’ potential. Giving to Saint James School is not just an investment in education—it’s an investment in the future and honoring a place that helped shape our children into the people they are today.”
